### **Activity report of the IMA Working Group on Mineral Equilibria (WGME)**

1. Special issue of Journal of Petrology, v. 45, 2004, based on the results of session 26 "Mineral equilibria and thermodynamic modeling of crustal and mantle rocks" and session 24 "Geothermobarometry and geospeedometry" at the 18<sup>th</sup> IMA Meeting (Edinburgh, September 2002).
2. The Special Meeting dedicated to the Prof. Leonid L. Perchuk's 70<sup>th</sup> anniversary at the Institute of Experimental Mineralogy, Chernogolovka, Russia.
3. Organization of the Symposium G-15.02 "Mineral thermodynamics, mineral equilibria, and P-T paths" (conveners: Prof. L.L. Perchuk and Prof. D.D. van Reenen), which is accepted for the 32th International Geological Congress, August 20-28, 2004, Florence, Italy.
4. Dr. Oleg G. Safonov
